# ABOUT CLIFTON

Clifton opened its first depot in 2005 in Altrincham and we now have over 40 depots across the country. We also have a central warehouse and depot support team based in Bolton, Lancashire.

We are set-up to support bathroom fitters and their businesses supplying bathroom products, from stock local to them.

We are happy to serve our traders' customers and our welcoming depot teams offer friendly help and advice.

Each depot has a showroom and inspirational displays reflecting current trends and styling so you can view the products and get plenty of ideas before you buy.

# CLIFTON QUALITY

High-quality products and great customer service are the cornerstones of Clifton, this is why your fitter has recommended us.

We offer confidence that our products are manufactured to the highest standards, minimising the risk of problems needing a fix after fitting.

Most of our products in this brochure are stocked in depot and our experienced and friendly team are always on hand with advice. Just head down to your local Clifton depot.

## PRODUCT GUIDE

### CLIFTON HUG

At Clifton we are all about quality so you can rest assured that your bathroom fixtures and fittings are designed to last. We call this our Clifton hug.

Products marked with the 'Fast Truck' symbol aren't stocked in depot but can be delivered from our central warehouse within 5 working days.

Products marked 'Fitter Friendly' have additional design features that make installation fast and easy. This can save your fitter time and you money.

### CLIFTONITE™

Cliftonite™ is extremely strong and hard wearing. This applies to all of our shower trays as standard. Choose to apply it to your bath to keep water hotter for longer.

### SLIPSHIELD

Some of our shower trays have a durable, anti-slip coating to provide a safer shower experience. Look for trays marked with our SlipShield logo.

# WE MAKE CHOOSING EASY

With so many types of products and choices it can be difficult to know where to start.

We have put together a number of different looks that reflect current styles and product options.

These can give you an idea of colour scheme and inspire your product selection.

Simply find a look you like, get inspired by the different products available, take a few measurements and head down to your local depot.

One of the team will happily show you the products and help you pull everything together to get the look and products you want whilst making the most of your budget and the space you have.

Find your nearest depot at the back of the brochure or visit [www.ctb.co.uk](http://www.ctb.co.uk)

# TOILETS

 Call in to your local Clifton depot and our friendly team will help.

Our toilets can be matched to any of our basins or paired with furniture. Our toilets are designed to maximise comfort and flush. Some of our toilets are also rimless making them more hygienic and easier to clean.

**Step 1 CHOOSE YOUR TOILET**  
All of our toilets come with a soft close seat as standard and some have a selection of seat styles to choose from.

**OPEN BACKED**  
Open backed toilets are easier to fit as you can access the pipework from both sides.

**FLUSH TO WALL**  
A flush to wall toilet hides the pipework meaning they look better and are easier to clean.

**BACK TO WALL**  
Back to wall toilets look great. They are fitted with a cistern concealed either in the wall or in a piece of furniture.

**WALL HANGING**  
Wall hanging toilets are ultra stylish. They are fitted to a frame concealed with the cistern in the wall.

**Step 2 CHOOSE YOUR SEAT**

All of our toilet seats are made from high quality, antibacterial and durable material. They are all soft close with a quick release feature to make cleaning really easy.

# TAPS

Call in to your local Clifton depot and our friendly team will help.

Our taps are made from high quality brass with a superior chrome or coloured PVD finish that will stand the test of time. We have a selection of styles and colours to choose from. Each style has a variety of types to suit different looks and requirements. See the footnote on each page for the minimum operating pressures.

## BASIN MONO

A single tap with a lever to control flow & temperature. In different sizes to fit your choice of basin.

## BATH FILLER

One spout with individual hot and cold controls.

## BATH SHOWER MIXER

Like a bath filler with a built-in shower handset. Deck mounted or freestanding.

## WALL MOUNTED

Super stylish these use a valve control which can be positioned away from the spout for ease of use.

## BATHDECK

Separate controls and spout, mounted on the bath edge.

## BATH FILLER OVERFLOW

A combined overflow and water outlet that's perfect for tiled in baths. The temperature and flow is controlled with a separate control valve.

# SHOWER AREAS

Call in to your local Clifton depot and our friendly team will help.

There are a number of different ways you can create your shower area. Pick the style you like and adapt it to fit your space. All our glass comes with an easy clean coating that prevents watermarks.

## WETROOMS

A wetroom shower area has a tiled over shower tray called a 'wetdeck'. This creates a level access showering space that looks great and is easy to clean.

## WALK-IN SHOWERS

Walk-in showering gives the modern style of a wetroom but provides a more practical installation solution using a shower tray.

## ENCLOSURES

Shower enclosures are glass panels enclosing a shower area with a door to get in and out.

# WETROOMS & WALK-INS

Our luxury shower screens can be used with or without a tray. They are 2000mm high and made with 10mm thick, toughened glass with anti-calc coating making them sturdy and easy to clean.

# BATHS

Call in to your local Clifton depot and our friendly team will help.

Our baths are reinforced for strength and made from acrylic specially graded for use in bathrooms. All our baths are supplied without tap holes (unless indicated) so you can choose where to put your taps.

## FREESTANDING BATH

Super sleek. Taps are wall mounted or floorstanding.

## LEDGED FREESTANDING BATH

A luxury freestanding bath with the added practicality of a slight ledge so the taps can be mounted on the bath.

## SHOWERBATH

An L-shape or P-shape bath to give a larger space in the shower area.

## IN-LINE SHOWERBATH

Designed with a larger showering space but with a sleek, straight edge.

## DOUBLE ENDED BATH

Sloping sides at both ends with a central position for the taps.

## SINGLE ENDED BATH

A traditional style bath with a straight end for the taps and a sloped end for comfort.

Cliftonite™ is incredibly strong, hard wearing and keeps your bath water hotter for longer. Look for the Cliftonite™ icon to see which baths are available in Cliftonite™

# TOWEL RAILS & RADIATORS

A towel rail or radiator look great and add the finishing touch to your bathroom. Choose from a selection of styles and colours to co-ordinate with any look. We have different sizes with varying heat outputs so that you can pick the right one for you.

Call in to your local Clifton depot and our friendly team will help.

## HEATED TOWEL RAILS

There is nothing better than a warmed towel on a cold morning. Towel rails are designed specifically for this reason, to hold and warm your towels. They come in a variety of styles and colours to co-ordinate with any look.

## RADIATORS

Radiators are very stylish and give out more heat than a towel rail. You can accessorise them with a magnetic hook to hang a towel or robe to warm. Some also have full length mirrors.

# WALLS, FLOORS & CEILING COVERINGS

We have a good selection of wall, floor and ceiling coverings specifically designed for use in bathrooms, to suit all looks and colour schemes.

Call in to your local Clifton depot and our friendly team will help.

## PANELS

Perfect for statement walls and shower areas.

## TILES

Plain, stone, marbled or patterned in a variety of sizes to accommodate all areas.

## FEATURES

Great solutions for focal areas that are easier to clean than mosaics.

## MOSAICS

Add a hint of sparkle or a wow! factor to your walls. Stone mosaics are perfect for feature floors and shower areas.

## VINYL FLOORING

Warmer on the feet and easier to fit than tiles.

# LUXURY WALL PANELS

Dramatic statement designs perfect to create a feature zone or shower area. Our Luxury panels have a surface finish and a solid waterproof core for extra durability. Sized 1200mm wide meaning less joints for a high end premium look.
