PRODUCT GUIDE

CLIFTON HUG

At Clifton we are all about quality so you can rest assured that your bathroom fixtures and fittings are designed to last. We call this our Clifton hug.

Products marked with the 'Fast Truck' symbol aren't stocked in depot but can be delivered from our central warehouse within 5 working days.

Products marked 'Fitter Friendly' have additional design features that make installation fast and easy. This can save your fitter time and you money.

CLIFTONITE™

Cliftonite™ is extremely strong and hard wearing. This applies to all of our shower trays as standard. Choose to apply it to your bath to keep water hotter for longer.

We make choosing easy

With so many types of products and choices it can be difficult to know where to start.

We have put together a number of different looks that reflect current styles and product options.

These can give you an idea of colour scheme and inspire your product selection.

Simply find a look you like, get inspired by the different products available, take a few measurements and head down to your local depot.

One of the team will happily show you the products and help you pull everything together to get the look and products you want whilst making the most of your budget and the space you have.

Find your nearest depot at the back of the brochure or visit www.ctb.co.uk

ON TREND Hint Of Pink

A hint of soft colours, strong marble and gold detail make this a striking look with a velvet, luxurious feel.

Smaller Spaces

The soft colours of this look mean you can go as bold or as subtle as you like no matter what the space.

HINT OF PINK

Get the Look

Soft grey furniture complemented with the marble tile detail and enhanced with gold. Add as much pink as you like using the feature tiles.

Add timeless glamour with white Carrara. Pair classic marble with stunning antique mirror subway tiles. The soft curves of the freestanding bath add a touch of opulence finished off with glossy furniture and exquisite chrome brassware.

Smaller Spaces

If you're working with a smaller space, the look can still be easily achieved. Classic marble tiles help create the illusion of more space and wall hanging furniture provides an ideal storage solution.

Toilets

Call in to your local Clifton depot and our friendly team will help.

Our toilets can be matched to any of our basins or paired with furniture. Our toilets are designed to maximise comfort and flush. Some of our toilets are also rimless making them more hygienic and easier to clean.

Step 1 CHOOSE YOUR TOILET

All of our toilets come with a soft close seat as standard and some have a selection of seat styles to choose from.

OPEN BACKED

Open backed toilets are easier to fit as you can access the pipework from both sides.

FLUSH TO WALL

A flush to wall toilet hides the pipework meaning they look better and are easier to clean.

BACK TO WALL

Back to wall toilets look great. They are fitted with a cistern concealed either in the wall or in a piece of furniture.

WALL HANGING

Wall hanging toilets are ultra stylish, making cleaning easier and bathrooms look bigger as they give more floor space.

Step 2 CHOOSE YOUR SEAT

All of our toilet seats are made from high quality, antibacterial and durable material. They are all soft close with a quick release feature to make cleaning really easy.

Taps

Call in to your local Clifton depot and our friendly team will help.

Our taps are made from high quality brass with a superior chrome finish that will stand the test of time. We have a selection of styles and colours to choose from. Each style has a variety of types to suit different looks and requirements. See the footnote on each page for the minimum operating pressures for each range.

BASIN MONO

A single tap with a lever to control flow & temperature. In different sizes to fit your choice of basin.

BATH FILLER

One spout with individual hot and cold controls.

BATH SHOWER MIXER

Like a bath filler with a built-in shower handset. Deck mounted or freestanding.

WALL MOUNTED

Super stylish these are either plate mounted with a lever control or use a valve control which can be positioned away from the spout for ease of use.

BATH DECK

Separate controls and spout, mounted on the bath edge.

BATH FILLER OVERFLOW

A combined overflow and water outlet that's perfect for tiled in baths. The temperature and flow is controlled with a separate control valve.

Shower Areas

Call in to your local Clifton depot and our friendly team will help.

There are a number of different ways you can create your shower area. Pick the style you like and adapt it to fit your space. All our glass comes with an easy clean coating that prevents watermarks.

WETROOMS

A wetroom shower area has a tiled over shower tray called a 'wetdeck'. This creates a level access showering space that looks great and is easy to clean.

WALK-IN SHOWERS

Walk-in showering gives the modern style of a wetroom but provides a more practical installation solution using a shower tray.

ENCLOSURES

Shower enclosures are glass panels enclosing a shower area with a door to get in and out.

Towel Rails & Radiators

A towel rail or radiator look great and add the finishing touch to your bathroom. Choose from a selection of styles and colours to co-ordinate with any look. We have different sizes with varying heat outputs so that you can pick the right one for you.

Call in to your local Clifton depot and our friendly team will help.

HEATED TOWEL RAILS

There is nothing better than a warmed towel on a cold morning. Towel rails are designed specifically for this reason, to hold and warm your towels. They come in a variety of styles and colours to co-ordinate with any look.

RADIATORS

Radiators are very stylish and give out more heat than a towel rail. You can accessorise them with a magnetic hook to hang a towel or robe to warm. Some also have full length mirrors.
